PROFESSIONAL PROFILE

Great at Planning, designing, analyzing, and developing information technology systems and computations. Dynamic, analytical, creative and goal- oriented professional with proven ability to work effectively in a team or independently.

SKILLS

- Proficient in SQL,JS,TypeScript, Node.js,React , HTML,CSS, Laravel (PHP) ,C#, .NET, Flutter, Kotlin
- Proficient in PostgreSQL,MySQL, AWS, Azure
- Proficient in Wordpress, Magento,Shopify,SugarCRM, Zoho.

CERTIFICATIONS

- ITIL V4 CERT.
- CompTIA Project+
- AWS Cloud Practitioner

EDUCATION

Software Engineering Bachelor's Degree

Western Governors University

Graduated

Associate In Arts Computer Science

Valencia College, Orlando, FL

- Bridges To Success Scholar

Graduated

PROFESSIONAL EXPERIENCE

Web Application Developer

HealthFund Solutions

October 2024- Currently

- Developed and maintained scalable web APIs using Node.js and MySQL, deployed via Azure Function Apps and managed through Azure API Management (APIM).
- Integrated Zoho CRM by designing and implementing custom APIs for seamless data exchange and workflow automation.
- Built and optimized asynchronous processes with Azure Service Bus, improving system reliability and message-driven architecture.
- Streamlined backend workflows by leveraging Azure Function Apps for serverless compute and efficient event handling.
- Collaborated cross-functionally to deliver full-stack solutions using JavaScript, with a focus on API-first development and cloud-native deployment.

Lead Developer

We sell Restaurants

April 2024-July 2024

- Upgraded legacy code bases to adhere to modern development standards, enhancing functionality and maintainability.
- AWS Code Pipeline and deployment management, CI/CD and Docker architecture.
- Developed and optimized MySQL databases, creating SQL queries for reporting and complex solutions.
- Contributed to the architecture, design, and implementation of both back-end and front-end features, leveraging ReactJS, Laravel (PHP framework), HTML, JavaScript, and implemented Server-Side APIs
- Created automation scripts using Node.Js and Selenium

Backend Web developer

Laser Photonics

September 2023- April 2024

- Upgraded legacy code bases to adhere to modern development standards, enhancing functionality and maintainability.
- Developed and optimized MySQL databases, creating SQL queries for reporting and complex solutions.
- Contributed to the architecture, design, and implementation of both back-end and front-end features, leveraging ReactJS, Laravel (PHP framework), HTML, JavaScript, SugarCRM, and implemented Server-Side APIs
- Mobile App creation and deployment using Kotlin, Flutter, and React Native
- Troubleshoot WordPress, SugarCRM issues in the back-end as well as the use of the platform.

Lead Full Stack Developer

Sanjack Carriers

August 2019- September 2023

- Collaborated closely with cross-functional software development and testing teams to architect and deliver robust solutions tailored to meet client specifications for functionality, scalability, and performance.
- Spearheaded the modernization of legacy codebases, aligning them with contemporary development standards, leading to substantial improvements in functionality and maintainability.
- GIT/GitHub for version control and CI/CD
- Demonstrated expertise in crafting comprehensive back-end and front-end features, leveraging cutting-edge technologies such as ReactJS, PostgreSQL, Laravel (PHP framework), SQL, HTML, and JavaScript within the development of the backend in C#.
- C# troubleshooting and AWS optimization for Code pipeline.
- API implementation using Spring Boot to enhance system functionality and expand integration capabilities, ensuring seamless communication between different software components.

Front-end Developer

MaxcleanNYC

January 2018- August 2019

- Skillfully developed websites utilizing HTML, CSS, ReactJS, JavaScript, and jQuery, ensuring exceptional user experiences and pixel-perfect designs
- Demonstrated proficiency in CSS frameworks, including Tailwind CSS and Bootstrap, to enhance website styling and responsiveness, delivering an exceptional front-end experience.
